Summary of changes

This section summarises the changes to this Qualification Specification.

Version	Publication Date	Summary of amendments
v5.0p	November 2018	Removal of reference to the 2017 tables. Update to the UCAS points in the points/grade calculator
v5.1p	March 2019	Safeguarding guidance added.
v5.2p	November 2019	Resources section added - information regarding the wellbeing and safeguarding of learners Aggregation section added - information regarding the aggregation methods and grade thresholds
v6.0p	March 2020	Amendment to Unit 13 – Assessment Criteria – 4.2 – verb change from Explain to Analyse.
v6.1p	January 2022	Paragraph added in regarding external quality assurance for graded qualifications .
v6.2p	June 2022	Further information added to the External Quality Assurance (CACHE and NCFE graded qualifications) section to confirm that unless otherwise stated in this specification, all learners taking this qualification must be assessed in English and all assessment evidence presented for external quality assurance must be in English. Information added to the entry requirements section to advise that registration is at the discretion of the Centre, in accordance with equality legislation and should be made on the Portal. Information added to the about this qualification specification section about how to access support handbooks. Amended reference of serious case reviews to child safeguarding practice reviews .
v6.3	November 2022	Information regarding assessment principles has been revised.
v6.4	December 2022	Minor amend to wording in the assessment principles .
v6.5	July 2023	Information regarding UCAS points added to Section 2 About these qualifications, Qualification Summary

Section 1:

General introduction

About this Qualification Specification

This Qualification Specification contains details of all the units you will be required to complete to gain these qualifications.

This qualification specification must be used alongside the mandatory support handbook which can be found on the NCFE website. This contains additional supporting information to help with planning, delivery and assessment.

This qualification specification contains all the qualification-specific information you will need that is not covered in the support handbook.

How the qualifications works

These qualifications are made up of units each representing a small step of learning. This allows the qualification to be completed at your own pace.

Each unit has:

- a **level** – shows how difficult it is
- a **unit aim** – explains what is covered in the unit
- **learning outcomes** – cover what you need to do (skills) or what you need to understand (knowledge)
- **assessment criteria** – what you need to show (evidence).

Each learning outcome is linked to a number of assessment criteria. Evidence must be provided for all the assessment criteria to gain the unit.

Learning outcomes The learner will:	Assessment criteria The learner can:
1. Understand the role of play.	1.1. Explain the innate drive for children to play.
	1.2. Describe the role of play in supporting all children's learning and development.
	1.3. Analyse the impact of play deprivation on children's learning and development.

Understanding learning outcomes

There are two main types of learning outcome:

- **Knowledge** that can be learnt
- **Skills** that can be performed.

Knowledge-based learning outcomes:

- begin with 'Know', 'Understand' or 'Know how to'.

Competence/Skills-based learning outcomes:

- begin with 'Be able to'. The assessment criteria usually show that the evidence could be observable within a real work environment. Other methods may be applied (please see chart in Assessment Guidance section). All evidence must be based on the learner's experience in a real work environment.

Assessing competence

When assessing competence, direct observation of learners in a real work environment should be holistic and cover all the following age ranges:

- 0-1 years 11 months
- 2-2 years 11 months
- 3-5 years.

A minimum of one observation for each age range is required. Direct observations should continue to support learners until competent. This may increase the number of observations needed per individual learner.

Making use of our website

The most recent version of our qualification specification and supporting documents can be found on the NCFE website. To ensure that you're using the most up-to-date version, please check the version number in the page footers against that of the qualification specification.

The website also contains information about all our qualification, including a qualification factsheet and other support materials.

The Public Website

The NCFE website contains information about all our qualifications which contains:

- Key Facts
- Qualification Specifications

There are also some other key documents that can be referred to when required. For example:

- Complaints Procedure
- Appeals Process
- Diversity Statement

It also contains regular news updates and case studies and links to websites from other organisations that might be of interest.

The Centre secure website

More specific information to support Centre delivery can be found on our secure website.

To access the secure site, click the link on the NCFE website and log in using the details provided by the Centre administrator.

Equal opportunities

We fully support the principle of equal opportunities and oppose all unlawful or unfair discrimination on the grounds of ability, age, colour, culture, disability, domestic circumstances, employment status, gender, marital status, nationality, political orientation, racial origin, religious beliefs, sexual orientation and social background. We aim to ensure that equality of opportunity is promoted and that unlawful or unfair discrimination, whether direct or indirect, is eliminated both in its own employment practices and in access to its qualifications. A copy of our Diversity and Equality policy is available on the NCFE website.

Diversity, access and inclusion

Our qualifications and associated assessments are designed to be accessible, inclusive and non-discriminatory. We regularly evaluate and monitor the 6 diversity strands (gender, age, race, disability, religion, sexual orientation) throughout the development process as well as delivery, external moderation and external assessment processes of live qualifications. This ensures that positive attitudes and good relations are promoted, discriminatory language is not used and our assessment procedures are fully inclusive.

Learners who require reasonable adjustments or special consideration should discuss their requirements with their Tutor, who should refer to our Reasonable Adjustments and Special Considerations policy for guidance. For more information on the Reasonable Adjustments and Special Considerations policy, please see the NCFE website.

Plagiarism

Plagiarism means claiming work to be your own which has been copied from someone or somewhere else. All the work you submit must be your own and not copied from anyone else unless you clearly reference the source of your information. Your Tutor will explain how to provide a reference list that shows where you found your information. If your Centre discovers evidence that your work is copied from elsewhere, it will not be accepted and you may be subject to your Centre's or our disciplinary procedure. If this happens, you will have to submit an additional piece of work for assessment. We will be notified of any cases of plagiarism.

Buying and selling assignments

Offering to buy or sell assignments is not allowed. This includes using sites such as eBay. If this happens, we reserve the right not to accept future entries from you.

About these qualifications

Qualification summary

Title	NCFE CACHE Level 3 Award in Childcare and Education
Qualification number	601/3998/5
Aim	The Level 3 Award in Childcare and Education prepares learners to progress to the Level 3 Certificate in Childcare and Education and then on to the Level 3 Diploma in Childcare and Education (Early Years Educator). It provides learners with knowledge of children from birth to 7 years.
Total Qualification Time (hours)	227
Guided Learning (hours)	180
Minimum age of learner	16
Age ranges covered by the qualification	The Level 3 Award in Childcare and Education gives learners an understanding of Early Years childcare of children from birth to 5 years and further knowledge of children aged 5 to 7 years.
Real work environment (RWE) requirement/ recommendation	This is a knowledge only qualification. Experience in the real work environment is not required.
Rules of combination	In order to achieve the Level 3 Award in Childcare and Education, learners must pass 2 mandatory units.
Progression including job roles (where applicable)	Upon achievement of this qualification, learners will be able to progress onto the NCFE CACHE Level 3 Certificate in Childcare and Education (601/3999/7) and then onto the NCFE CACHE Level 3 Diploma in Childcare and Education (Early Years Educator) (601/4000/8)
Recommended assessment methods	Portfolio of Evidence

Additional assessment requirements	Early Years Educator assessment principles apply to all units.
Grading system	A*–D
UCAS points	This qualification has been allocated UCAS points. Please refer to the UCAS website for further details of the points allocation and the most up-to-date information.
Entry requirements/ recommendations	<p>Learners must be at least 16 years old.</p> <p>Registration is at the discretion of the Centre, in accordance with equality legislation and should be made on the Portal.</p> <p>There are no specific resource requirements for these qualifications, but Centres must ensure learners have access to suitable resources to enable them to cover all the appropriate learning outcomes.</p>
About this qualification	This is a regulated qualification. The regulated number for this qualification is 601/3998/5.

Title	NCFE CACHE Level 3 Certificate in Childcare and Education
Qualification number	601/3999/7
Aim	The Level 3 Certificate in Childcare and Education prepares learners for Level 3 Diploma in Childcare and Education (Early Years Educator). It provides learners with knowledge with children from birth to 7 years and practical experience working with children from birth to 5 years.
Total Qualification Time (hours)	663
Guided Learning (hours)	539
Minimum age of learner	16
Age ranges covered by the qualification	The Level 3 Certificate in Childcare and Education prepares learners to work with children from birth to 5 years and gain knowledge of children aged 5 to 7 years.
Real work environment (RWE) requirement/ recommendation	We recommend 365 hours split across the age ranges.
Rules of combination	In order to achieve the Level 3 Certificate in Childcare and Education learners must pass 8 mandatory units and an Effective Practice Study Task (externally set, externally marked).
Progression including job roles (where applicable)	Upon achievement of this qualification it is intended that learners will be able to progress onto the NCFE CACHE Level 3 Diploma in Childcare and Education (Early Years Educator) (601/4000/8).
Recommended assessment methods	Portfolio of Evidence, Task-based Controlled Assessment
Additional assessment requirements	Early Years Educator assessment principles apply to all units.
Grading system	A*–D
UCAS points	This qualification has been allocated UCAS points. Please refer to the UCAS website for further details of the points allocation and the most up-to-date information.
How long will it take to complete?	1 year

Entry requirements/ recommendations	<p>Learners must be at least 16 years old.</p> <p>Registration is at the discretion of the Centre, in accordance with equality legislation and should be made on the Portal.</p> <p>There are no specific resource requirements for these qualifications, but Centres must ensure learners have access to suitable resources to enable them to cover all the appropriate learning outcomes.</p>

Title	NCFE CACHE Level 3 Diploma in Childcare and Education (Early Years Educator)
Qualification number	601/4000/8
Aim	<p>This qualification prepares learners to become Early Years Educators, enabling them to work with children from birth to 5 years and gain knowledge of children aged 5 to 7 years.</p> <p>Upon achievement of this qualification learners will be able to enter the workforce as Early Years Educators or access Higher Education.</p> <p>In response to the Department for Education and National College for Teaching and Leadership Policy, More Great Childcare, we have built this qualification to meet the criteria required for those wishing to become Early Years Educators. As leading care sector specialists, we have surpassed the minimum requirements set out in the Full and Relevant Criteria to develop a qualification which reflects the priorities of practitioners and employers to meet the needs of young children.</p>
Total Qualification Time (hours)	1358
Guided Learning (hours)	1071
Minimum age of learner	16
Age ranges covered by the qualification	The Level 3 Diploma in Childcare and Education prepares learners to work with children from birth to 5 years and gain knowledge of children aged 5 to 7 years.

Real work environment (RWE) requirement/ recommendation	We recommend 750 hours split across the age ranges.
Rules of combination	In order to achieve the Level 3 Diploma in Childcare and Education (Early Years Educator) learners must pass 15 mandatory units. Learners must also pass an Effective Practice Study and an Extended Assessment (externally set, externally marked).
Progression including job roles (where applicable)	The Level 3 Diploma in Childcare and Education (Early Years Educator) prepares learners to become Early Years Educators, enabling them to work with children from birth to 5 years and gain knowledge of children aged 5 to 7 years. Upon achievement of this qualification enables learners to enter the workforce as Early Years Educators or access Higher Education.
Recommended assessment methods	Portfolio of Evidence, Task-based Controlled Assessment.
Additional assessment requirements	Early Years Educator assessment principles apply to all units.
Grading system	A*–D
UCAS points	This qualification has been allocated UCAS points. Please refer to the UCAS website for further details of the points allocation and the most up-to-date information.
How long will it take to complete?	2 years
Entry requirements/ recommendations	Learners must be at least 16 years old. Registration is at the discretion of the Centre, in accordance with equality legislation and should be made on the Portal. There are no specific resource requirements for these qualifications, but Centres must ensure learners have access to suitable resources to enable them to cover all the appropriate learning outcomes.
About this qualification	This is a regulated qualification. The regulated number for this qualification is 601/4000/8.

Qualification's introduction and purpose

The Level 3 Award in Childcare and Education prepares learners to progress to the Level 3 Certificate in Childcare and Education and then on to the Level 3 Diploma in Childcare and Education (Early Years Educator) which enables them to gain the knowledge and experience which will allow them to work with children from birth to 5 years.

The Level 3 Diploma in Childcare and Education (Early Years Educator) enables learners to enter the workforce as Early Years Educators or access Higher Education.

We have built the Diploma to meet the criteria for Early Years Educators required by the National College for Teaching and Leadership (NCTL) which were developed in response to the Department for Education and the **More Great Childcare** report. As leading care sector specialists, we have surpassed the minimum requirements set out in the Full and Relevant Criteria to develop a qualification which reflects the priorities of practitioners and employers to meet the needs of young children.

Rules of combination

Rules of combination for the Award:

In order to achieve the Level 3 Award in Childcare and Education learners must pass 2 mandatory units.

Rules of combination for the Certificate:

In order to achieve the Level 3 Certificate in Childcare and Education learners must pass 8 mandatory units.

Learners must also pass an Effective Practice Study Task (externally set, externally marked).

Rules of combination for the Diploma:

In order to achieve the Level 3 Diploma in Childcare and Education (Early Years Educator) learners must pass 15 mandatory units.

Learners must pass an Effective Practice Study and an Extended Assessment (externally set, externally marked).

Rationale for Synoptic Assessment

Synoptic assessment encourages you to combine elements of your learning and to show your accumulated knowledge and understanding across units and/or learning outcomes.

Synoptic assessment enables you to show your ability to integrate and apply your knowledge, understanding and skills with breadth and depth. It also requires you to demonstrate your capability to apply your knowledge, understanding and skills across a range of units and learning outcomes for which you are being assessed.

There will be TWO externally set and externally marked synoptic assessments, one covering the contents of units 1-7 (Effective Practice Study Task) and one covering units 9-14 (Extended Assessment Task).

Unit assessment

Units are assessed internally, marked by your Tutor. You must achieve a D grade to be awarded the unit.

Unit assessment – Not Yet Achieved

If your assessment does not meet the criteria for a D grade it will be graded as Not Yet Achieved. You may resubmit your work with improvements. Your Tutor will negotiate a re-submission date with you.

If your unit assessment still does not achieve a D grade, your Tutor will advise you on the action which may be needed before you resubmit your work again. You can achieve a grade D or above at any stage.

External assessments

The external assessments are the

- Effective Practice Study Task
- Extended Assessment Task

The Effective Practice Study Task covers 100% of the Certificate's content. The Effective Practice Study Task and Extended Assessment together cover 100% of the Diploma's content.

These assessments will require a substantial amount of research and work. Your extended assessments will be graded from D to A*.

Within each qualification there is a maximum of one further opportunity after the first submission for learners to submit the External Assessment in order to achieve or to improve a grade.

Re-mark requests for external assessments

Your Centre may request a re-mark if they and you do not think that the result is a true reflection of your performance. This request must be made within 20 working days of your result reaching your Centre. A re-mark result may be decreased as well as increased.

Referral of an external assessment

A result that does not achieve a grade D will be graded as Not Yet Achieved. If you intend to submit an external assessment for another attempt to achieve a D grade or above, you will be required to make a new submission of an alternative assessment provided by us.

Improving your grade for your external assessment (Upgrade your result)

When you have achieved a D grade or above for your external assessment, you may want to improve your grade. If you intend to attempt to improve your grade you will be required to make a new submission of an alternative assessment provided by us. Your Tutor will advise you on how you can do this. The higher of the grades achieved for the external assessment will be the final result.

Within each qualification there is a maximum of one further opportunity after the first submission for learners to submit the External Assessment in order to improve a grade.

For detailed information on the Effective Practice Study and Extended Assessment and for sample assessment materials, please refer to the relevant qualification page on our secure site.

External Quality Assurance (CACHE and NCFE graded qualifications)

Summatively assessed and internally quality assured grades for at least one completed unit must be submitted via the Portal, prior to an EQA review taking place. Following the EQA review, the unit grades will either be accepted and banked by your External Quality Assurer or, if they disagree with the grades, they will be rejected. If a grade is rejected, Centres must reassess, regrade, internally quality assure and resubmit the new unit grade in line with EQA actions.

Unless otherwise stated in this specification, all learners taking these qualifications must be assessed in English and all assessment evidence presented for external quality assurance must be in English.

Rules of progression

This is a set of nested qualifications and the progression from Award to Certificate and then to Diploma is natural and achievable. Once the Diploma is achieved the progression to Higher Education can be made. Learners can progress into various job roles in the statutory, voluntary or private sectors such as:

Award and Certificate:

- supervised Early Years role.

Diploma:

- Early Years Educator
- practitioner in an Early Years workforce
- practitioner in reception classes in primary schools
- nanny.

Entry requirements

Learners must be at least 16 years old. We do not set any other entry requirements but Centres may have their own guidelines.

Registration is at the discretion of the Centre, in accordance with equality legislation and should be made on the Portal.

Early Years Educator: Changes to GCSE requirements

The requirement for Level 3 Early Years Educators (EYE) to hold GCSE English and maths A*-C, has been broadened to Level 2 qualifications, including Functional Skills. This will also apply to an apprenticeship route.

This will enable staff with an EYE qualification and Level 2 English and mathematics qualifications to count in the Level 3 staff: child ratios in childcare settings. This includes those who already hold an EYE qualification, began studying an EYE from September 2014 or will achieve an EYE in the future.

Please refer to the Early Years Workforce Strategy (March 2017) for further details. International qualifications can be checked through NARIC.

Placement hours

The Award has no requirement for placement.

We suggest that the following placement allocation is applied to the Certificate and Diploma. We acknowledge that some learners may need to spend longer in placement with specific age ranges and for this reason there is a degree of flexibility. All assessment criteria must be achieved and each age range must be experienced but significant placement experience across the age ranges must be undertaken in order to achieve the assessment criteria.

Age range	Hours		
	Certificate	Diploma	Total
0-1 year 11 months	25	25	50
2-2 years 11 months	130	130	260
3-5 years	170	170	340
Specialised placement such as 5-7 years	40	60	100
Total	365	385	750

Learners who work within a setting which provides care and education for children across these age ranges, and are able to gain the necessary hours of experience, need not seek placement outside of their setting.

When working in partnership with employers, decisions relating to learners' competence must be made by qualified, occupationally competent Assessors.

During placement, learners will need support from a professional within the real work environment.

Total Qualification Time: Definitions

Total Qualification Time (TQT) is comprised of the following two elements:

- the number of hours which we have allocated to a qualification for Guided Learning
- an estimated number of hours a Learner will reasonably be likely to spend in preparation, study, or any other form of participation in education or training, but not under the immediate supervision of a Tutor or Assessor.

Centres can decide how to allocate the TQT across the units of a qualification.

Guided Learning (GL)

- Guided Learning (GL) and TQT apply to the qualification as a whole.
- We use GL to refer to the estimated guided learning hours at unit level.

Unit achievement log

Award, Certificate and Diploma in Childcare and Education

* This table shows the estimated total hours for each unit. Please see the unit details for a breakdown of guided learning and non-guided learning hours

**Explanation of terms used at Level 3:
(not all verbs are used in this qualification)**

Apply	Explain how existing knowledge can be linked to new or different situations in practice.
Analyse	Break the subject down into separate parts and examine each part. Show how the main ideas are related and why they are important. Reference to current research or theory may support the analysis.
Clarify	Explain the information in a clear, concise way.
Classify	Organise according to specific criteria.
Collate	Collect and present information arranged in sequence or logical order.
Compare	Examine the subjects in detail and consider the similarities and differences.
Critically compare	This is a development of compare where the learner considers the positive aspects and limitations of the subject.
Consider	Think carefully and write about a problem, action or decision.
Demonstrate	Show an understanding by describing, explaining or illustrating using examples.
Describe	Write about the subject giving detailed information in a logical way.
Develop (a plan/idea which...)	Expand a plan or idea by adding more detail and/or depth of information.
Diagnose	Identify the cause based on valid evidence.
Differentiate	Identify the differences between two or more things.
Discuss	Write a detailed account giving a range of views or opinions.
Distinguish	Explain the difference between two or more items, resources, pieces of information.
Draw conclusions (which...)	Make a final decision or judgment based on reasons.
Estimate	Form an approximate opinion or judgment using previous knowledge or considering other information.

Evaluate	Examine strengths and weaknesses, arguments for and against and/or similarities and differences. Judge the evidence from the different perspectives and make a valid conclusion or reasoned judgement. Reference to current research or theory may support the evaluation.
Explain	Provide detailed information about the subject with reasons showing how or why. Responses could include examples to support these reasons.
Extrapolate	Use existing knowledge to predict possible outcomes which might be outside the norm.
Identify	Recognise and name the main points accurately. (Some description may also be necessary to gain higher marks when using compensatory marking).
Implement	Explain how to put an idea or plan into action.
Interpret	Explain the meaning of something.
Judge	Form an opinion or make a decision.
Justify	Give a satisfactory explanation for actions or decisions.
Perform	Carry out a task or process to meet the requirements of the question.
Plan	Think about and organise information in a logical way using an appropriate format.
Provide	Identify and give relevant and detailed information in relation to the subject.
Reflect	Learners should consider their actions, experiences or learning and the implications of this for their practice and/or professional development.
Review and revise	Look back over the subject and make corrections or changes.
Select	Make an informed choice for a specific purpose.
Show	Supply evidence to demonstrate accurate knowledge and understanding.
State	Give the main points clearly in sentences or paragraphs.
Summarise	Give the main ideas or facts in a concise way.

Section 3:

Units

Unit layout

For each unit the following material has been provided:

Unit title	Provides a clear, concise explanation of the content of the unit.
Unit number	The unique number assigned by the owner of the unit.
Unit reference	The unique reference number given to each unit at qualification approval by Ofqual.
Unit level	Denotes the level of the unit within the framework.
Unit guided learning hours	Estimated number of hours of supervised or directed study time or assessment required to achieve a qualification or unit of a qualification.
Unit non-guided learning hours	Estimated number of hours of private study, or other unsupervised activities, required to achieve a qualification, or a unit of a qualification.
Unit aim	Provides a brief outline of the unit content.
Learning outcome	A statement of what a learner will know, understand or be able to do, as a result of a process of learning.
Assessment criteria	A description of the requirements a learner must achieve to demonstrate that a learning outcome has been met.

Unit 1: Child development from conception to seven years

Unit reference	F/506/5384		Unit level	3
Unit hours	Guided learning	116	Non-guided learning	32
Unit aim	The aim of this unit is to provide learners with knowledge and understanding of child development from conception to seven years of age.			

Learning outcomes The learner will:	Assessment criteria The learner can:
1. Understand development from conception to birth and routine screening programmes in the first year of life.	1.1. Describe stages of development from conception to birth.
	1.2. Explain routine checks carried out during antenatal care, postnatal care and the first year of life.
	1.3. Describe factors that may impact upon the development of the baby during: <ul style="list-style-type: none"> • pre-conception • each stage of pregnancy • during first year of life.
2. Understand stages and sequences of development from birth to seven years.	2.1. Identify stages and sequences of development from birth to seven years in the following areas: <ul style="list-style-type: none"> • cognition • neurological and brain development • speech, language and communication • physical • personal, social and emotional.
	2.2. Explain 'holistic' development.
	2.3. Explain factors which influence children's development.

Learning outcomes The learner will:	Assessment criteria The learner can:
3. Understand theory and educational frameworks which inform knowledge and understanding of Early Years practice.	3.1. Describe theoretical perspectives in relation to: <ul style="list-style-type: none"> • cognitive development • speech, language and communication development • physical development • social and emotional development.
	3.2. Explain how theoretical perspectives relating to child development inform current frameworks.
4. Understand the role of the Early Years practitioner when promoting child development from birth to seven years.	4.1. Discuss the role of the Early Years practitioner when promoting child development in relation to: <ul style="list-style-type: none"> • cognitive development • speech, language and communication development • physical development • social and emotional development.
	4.2. Evaluate the role of the Early Years practitioner in supporting children's holistic development.
	4.3. Analyse how working in partnership: <ul style="list-style-type: none"> • enhances children's learning and development • values parents/carers' contributions.
5. Understand how to plan opportunities for children's learning and development from birth to five years.	5.1. Plan opportunities for children from birth to five years in relation to: <ul style="list-style-type: none"> • cognitive development • speech, language and communication development • physical development • social and emotional development.

Unit 2: Children’s health and well-being

Unit reference	J/506/5385		Unit level	3
Unit hours	Guided learning	64	Non-guided learning	15
Unit aim	The aim of this unit is to provide learners with knowledge and understanding of children’s health and well-being from birth to seven years of age.			

Learning outcomes The learner will:	Assessment criteria The learner can:
1. Understand children’s needs in relation to emotional well-being.	1.1. Explain the process of: <ul style="list-style-type: none"> • attachment • developing secure relationships.
	1.2. Summarise the role of the key person in promoting emotional well-being in relation to current frameworks.
	1.3. Analyse the impact of secure relationships on a child’s well-being.
2. Understand the needs of children during transition and significant events.	2.1. Identify transitions and significant events that a child may experience.
	2.2. Discuss potential effects of transition and significant events on a child’s life.
	2.3. Explain the role of the Early Years practitioner: <ul style="list-style-type: none"> • in preparing a child for a planned transition • in supporting the needs of children during transition and significant life events.

Learning outcomes The learner will:	Assessment criteria The learner can:
3. Understand the physical care needs of children.	3.1. Describe the physical needs of children.
	3.2. Explain the role of the Early Years practitioner during: <ul style="list-style-type: none"> • nappy changing • toilet training • washing and bath time • care of skin, teeth and hair • meal times.
	3.3. Explain the rest and sleep needs of: <ul style="list-style-type: none"> • a baby aged 6 weeks • a baby aged 7 months • a toddler aged 15 months • a child aged 2 and a half years • a child aged 4-5 years • a child aged 6-7 years.
	3.4. Explain safety precautions which minimise the risk of sudden infant death syndrome.
4. Understand the impact of the Early Years environment on the health and well-being of children.	4.1. Describe factors within the Early Years setting which may impact upon the health and well-being of children.
	4.2. Evaluate national and local initiatives which promote children’s health and well-being.
	4.3. Analyse the role of the Early Years practitioner in maintaining a healthy environment for children.
	4.4. Evaluate benefits of working in partnership with parents/carers in relation to children’s health and well-being.

Learning outcomes The learner will:	Assessment criteria The learner can:
5. Understand the nutritional needs of children.	5.1. Explain the nutritional value of the main food groups.
	5.2. Identify the nutritional requirements of children aged: <ul style="list-style-type: none"> • 0-1 year • 1-2 years • 2-3 years • 3-5 years • 5-7 years.
	5.3. Explain the role of the Early Years practitioner in meeting children’s individual dietary requirements and encouraging healthy eating.
6. Understand the impact of poor diet on children’s health and well-being.	6.1. Explain the impacts of poor diet on children’s health and well-being in the: <ul style="list-style-type: none"> • short term • long term.
7. Understand children’s need for exercise.	7.1. Explain benefits of exercise for children’s health and well-being.
	7.2. Plan opportunities/activities for children to exercise.

Unit 3: Providing safe environments for children

Unit reference	L/506/5386		Unit level	3
Unit hours	Guided learning	26	Non-guided learning	8
Unit aim	The aim of this unit is to provide learners with knowledge and understanding of how to keep children safe in Early Years settings.			

Learning outcomes The learner will:	Assessment criteria The learner can:
1. Understand safeguarding.	1.1. Explain what is meant by 'safeguarding' children.
	1.2. Explain how safeguarding: <ul style="list-style-type: none"> • keeps children safe • values children's needs • protects children.
2. Understand how to safeguard children in relation to legislation, frameworks, policies and procedures.	2.1. Identify current legislation and frameworks in relation to safeguarding.
	2.2. Describe the relationship between legislation, policy and procedure.
	2.3. Identify policies and procedures in relation to safeguarding.
3. Understand child protection.	3.1. Explain the role of the Early Years practitioner in relation to safeguarding and protecting children.
	3.2. Describe signs, symptoms, indicators and behaviours that may cause concern relating to: <ul style="list-style-type: none"> • neglect • physical abuse • emotional abuse • sexual abuse • domestic abuse.
	3.3. Describe actions to take if harm or abuse is suspected and/or disclosed.

Learning outcomes The learner will:	Assessment criteria The learner can:
	3.4. Describe the lines of reporting and responsibility when harm or abuse is suspected or disclosed. 3.5. Discuss the rights of children and parents/carers in situations where harm or abuse is suspected or disclosed. 3.6. Explain the responsibilities of the Early Years practitioner in relation to whistleblowing. 3.7. Explain the boundaries of confidentiality in relation to reporting and record-keeping.
4. Understand the purpose of child safeguarding practice reviews.	4.1. Explain why child safeguarding practice reviews are required. 4.2. Analyse how child safeguarding practice reviews inform practice.
5. Understand the role and responsibilities of the Early Years practitioner when safeguarding children.	5.1. Analyse the role and responsibilities of the Early Years practitioner when safeguarding children.

Unit 4: Child health

Unit reference	Y/506/5388		Unit level	3
Unit hours	Guided learning	53	Non-guided learning	15
Unit aim	The aim of this unit is to provide learners with knowledge and understanding of child health.			

Learning outcomes The learner will:	Assessment criteria The learner can:
1. Understand common childhood illnesses.	1.1. Describe signs and symptoms of common childhood illnesses.
	1.2. Identify treatments for common childhood illnesses.
	1.3. Identify exclusion periods for common childhood illnesses.
2. Know how to recognise ill health in children.	2.1. Describe the signs and symptoms of ill health in children.
	2.2. Give examples of when medical intervention is necessary.
3. Understand legal requirements for reporting notifiable diseases, injury and fatality.	3.1. Identify notifiable diseases.
	3.2. Describe the process for reporting notifiable diseases, injury and fatality.
4. Understand care routines when a child is ill.	4.1. Explain the needs of a child who is ill in relation to: <ul style="list-style-type: none"> • food and drink • personal care • rest and sleep • emotional well-being • dignity and respect • observation and monitoring.

Learning outcomes The learner will:	Assessment criteria The learner can:
	4.2. Describe procedures for: <ul style="list-style-type: none"> • storage of medication • administration of medication • reporting and record-keeping with regard to medication. 4.3. Discuss policy and procedure in relation to the role of the Early Years practitioner when a child becomes ill in an Early Years setting.
5. Understand childhood immunisation.	5.1. Explain reasons for immunisation. 5.2. Identify the immunisation schedule. 5.3. Discuss reasons why some children are not immunised.
6. Understand the role of the Early Years practitioner when supporting children who are chronically ill.	6.1. Describe the responsibilities of the Early Years practitioner when supporting a child who has a chronic health condition in relation to: <ul style="list-style-type: none"> • training and development needs • partnership working • inclusive practice • safe working practice • meeting the needs of the child • support for self. 6.2. Summarise potential effects of ill health of children on the family.
7. Understand how to support children for hospital admission.	7.1. Describe how the Early Years practitioner supports a child to prepare for a planned hospital stay. 7.2. Discuss the role of play therapy in hospital in supporting children's recovery.
8. Understand the role of the Early Years practitioner in relation to health promotion.	8.1. Evaluate the role of the Early Years practitioner in relation to health promotion.

Unit 5: Play and learning

Unit reference	Y/506/5391		Unit level	3
Unit hours	Guided learning	52	Non-guided learning	17
Unit aim	The aim of this unit is to provide learners with knowledge and understanding of play and learning.			

Learning outcomes The learner will:	Assessment criteria The learner can:
1. Understand the role of play.	1.1. Explain the innate drive for children to play.
	1.2. Describe the role of play in supporting all children's learning and development.
	1.3. Analyse the impact of play deprivation on children's learning and development.
2. Understand children's rights in relation to play.	2.1. Identify children's rights in relation to play.
	2.2. Explain how Early Years settings support children's rights to play.
3. Understand theoretical approaches to play and learning.	3.1. Discuss how theoretical perspectives on play and learning inform practice.
	3.2. Discuss how philosophical approaches on play and learning inform practice.
4. Understand play at different stages of children's development.	4.1. Discuss how children's play needs and preferences change in relation to their stage of development.
	4.2. Discuss benefits to children's learning and development of involving others in children's play.
5. Understand types of play for children.	5.1. Explain: <ul style="list-style-type: none"> • child-initiated play • adult-led play.

Learning outcomes The learner will:	Assessment criteria The learner can:
	5.2. Describe characteristics and benefits of: <ul style="list-style-type: none"> • physical play • creative play • imaginative play • sensory play • heuristic play. 5.3. Evaluate resources for: <ul style="list-style-type: none"> • physical play • creative play • imaginative play • sensory play • heuristic play.
6. Understand the characteristics of an enabling play environment.	6.1. Explain the characteristics of an enabling: <ul style="list-style-type: none"> • indoor play environment • outdoor play environment.
7. Understand inclusive play practice.	7.1. Discuss inclusive play practice in relation to current frameworks. 7.2. Describe how play supports the interests and abilities of children.
8. Understand how the Early Years practitioner supports children's socialisation and behaviour within play environments.	8.1. Analyse the role of the Early Years practitioner in supporting children's socialisation within play environments. 8.2. Evaluate strategies to support children to manage their own behaviour.
9. Understand current frameworks in relation to play and learning.	9.1. Discuss current frameworks in relation to play and learning.

Unit 6: Understanding children’s additional needs

Unit reference	H/506/5393		Unit level	3
Unit hours	Guided learning	25	Non-guided learning	9
Unit aim	The aim of this unit is to provide learners with the knowledge and understanding of how to meet children’s additional needs.			

Learning outcomes The learner will:	Assessment criteria The learner can:
1. Understand biological and environmental factors which may result in children needing additional support.	1.1. Define the terms: <ul style="list-style-type: none"> • biological • environmental
	1.2. Analyse the impact of biological factors on children’s development.
	1.3. Analyse the impact of environmental factors on children’s development.
	1.4. Describe factors which affect children’s development in the: <ul style="list-style-type: none"> • short term • long term.
2. Understand inclusive practice.	2.1. Identify current legislation in relation to inclusive practice.
	2.2. Describe what is meant by: <ul style="list-style-type: none"> • equality • diversity • inclusion • discrimination.
	2.3. Explain types of discrimination.
	2.4. Discuss potential effects of discrimination on children.

Learning outcomes The learner will:	Assessment criteria The learner can:
3. Understand how personal experiences, values and beliefs impact on the role of the Early Years practitioner when meeting children’s additional needs.	3.1. Analyse how personal experiences, values and beliefs impact on the professional practice of the Early Years practitioner.
4. Understand the role of early intervention.	4.1. Describe the importance of early intervention when meeting children’s additional needs.
	4.2. Explain strategies for early intervention.
	4.3. Evaluate benefits of working in partnership with others to meet children’s additional needs.
5. Understand the Early Years practitioner’s need for professional and personal support when working with children with additional needs.	5.1. Reflect on the Early Years practitioner’s need for professional and personal support when working with children with additional needs.

Unit 7: Observation, assessment and planning

Unit reference	M/506/5395		Unit level	3
Unit hours	Guided learning	81	Non-guided learning	18
Unit aim	The aim of this unit is to provide learners with knowledge and understanding of observation, assessment and planning.			

Learning outcomes The learner will:	Assessment criteria The learner can:
1. Understand the observation, assessment and planning cycle.	1.1. Explain how observations are used: <ul style="list-style-type: none"> • to plan for individual children’s needs • for early intervention • to review the environment • during transition • when working in partnership.
	1.2. Discuss the observation, assessment and planning cycle.
2. Understand professional practice in relation to the observation of children.	2.1. Discuss the need for confidentiality and objectivity during the observation process.
	2.2. Explain reasons for maintaining accurate and coherent records and reports.
	2.3. Identify factors to consider when observing children.
	2.4. Evaluate the need for objectivity when observing children.

Learning outcomes The learner will:	Assessment criteria The learner can:
3. Understand observation methods in relation to current frameworks.	3.1. Explain observation and planning requirements in relation to current frameworks.
	3.2. Evaluate observation methods: <ul style="list-style-type: none"> • media/photographic/video/audio recorders • snap shot/post-it • narrative/written record • check lists • event sample • time sample • sociogram • target child • child tracker / movement record • use of the above methods within Longitudinal Study.
4. Understand child-centred planning.	4.1. Analyse how child-centred planning meets individual needs of children.
	4.2. Discuss ways of identifying children's individual needs and interests to support effective planning.
	4.3. Explain how working with other professionals, parents and carers supports child-centred planning.

Learning outcomes The learner will:	Assessment criteria The learner can:
5. Understand the role of assessment in the observation assessment cycle.	5.1. Evaluate the role of the observation, assessment and planning cycle to shape activities, opportunities and experiences in an Early Years setting.
	5.2. Evaluate benefits of undertaking a Longitudinal Study for: <ul style="list-style-type: none"> • the child • Early Years practitioners • other professionals.
	5.3. Discuss how tracking children's progress can enhance learning.
6. Understand the skills required by the Early Years practitioner when observing children.	6.1. Describe the professional skills required when observing children.

Unit 8: Professional Practice Portfolio 1

Unit reference	R/506/5387		Unit level	3
Unit hours	Guided learning	84	Non-guided learning	10
Unit aim	The aim of this unit is to provide learners with knowledge, understanding and skills required to work with children.			

Learning outcomes The learner will:	Assessment criteria The learner can:
1. Understand the role of the Early Years practitioner in relation to provision for cognitive development for children from birth to 7 years.	1.1. Identify resources for children in relation to supporting cognitive development.
	1.2. Explain the role of cognition in a child's learning.
	1.3. Reflect on strategies to promote cognition.
2. Understand the role of the Early Years practitioner in relation to provision for speech, language and communication development for children from birth to 7 years.	2.1. Identify resources for children in relation to supporting speech, language and communication development.
	2.2. Explain the role of speech, language and communication in a child's learning.
	2.3. Reflect on strategies to promote speech, language and communication.
3. Understand the role of the Early Years practitioner in relation to provision for physical development for children from birth to 7 years.	3.1. Identify resources for children in relation to supporting physical development.
	3.2. Explain the role of physical development in a child's learning.
	3.3. Reflect on strategies to promote physical development.
4. Understand the role of the Early Years practitioner in relation to provision for personal, social and emotional development for children from birth to 7 years.	4.1. Identify resources for children in relation to supporting personal, social and emotional development.
	4.2. Explain the role of personal, social and emotional development in a child's learning.
	4.3. Reflect on strategies to promote personal, social and emotional development.

Learning outcomes The learner will:	Assessment criteria The learner can:
5. Understand holistic child development.	5.1. Describe how areas of development are interdependent.
6. Understand the role of the Early Years practitioner in relation to the health and well-being requirements of current frameworks.	6.1. Summarise the role of the Early Years practitioner in relation to meeting the requirements for children of current frameworks with regard to: <ul style="list-style-type: none"> • food and nutrition • physical exercise • outdoor play provision • emotional well-being • inclusion.
	6.2. Discuss resilience in relation to a child’s emotional well-being.
	6.3. Evaluate provision for health and well-being for children in Early Years settings during transitions.
	6.4. Describe strategies to support children to manage their own behaviour.
7. Understand how to keep children safe in an Early Years setting.	7.1. Explain ways the Early Years practitioner maintains a healthy and safe environment in relation to the current framework.
	7.2. Summarise safeguarding and welfare requirements in relation to the current framework.
	7.3. Reflect on the role of the Early Years practitioner in relation to infection control measures.
	7.4. Explain record-keeping and reporting in relation to keeping children safe.
	7.5. Evaluate partnership working in relation to child protection.
8. Understand enabling play environments.	8.1. Summarise how theoretical perspectives and philosophical approaches influence practice in the Early Years.
	8.2. Describe play provision to meet the areas of learning and development across the current framework.

Learning outcomes The learner will:	Assessment criteria The learner can:
9. Understand observation, assessment and planning.	9.1. Explain how observations support child-centred planning.
	9.2. Discuss ways observations can be used to: <ul style="list-style-type: none"> • identify additional need • build on interest • encourage partnership working with parents/carers.

Unit 8: Professional Practice Portfolio 1

Competency Based Learning Outcomes

Learners will complete a range of practical skills/competencies as indicated in this portfolio.

Facilitate the cognitive development of children from birth to 5 years		Evidence Record e.g. page number and method	Assessor Judgement achieved Initial and date
A. Be able to facilitate the development of cognition in children.	A.1. Create an environment which facilitates cognitive development of children in own setting.		
	A.2. Analyse the use of technology in supporting the development of cognition in children.		
B. Be able to implement a learning experience which supports the development of sustained shared thinking in children from birth to 5 years.	B.1. Plan a learning experience which supports the development of sustained shared thinking in children aged: <ul style="list-style-type: none"> • 0-1 year 11 months • 2-2 years 11 months • 3-5 years. 		
	B.2. Lead a learning experience which supports the development of sustained shared thinking in children aged: <ul style="list-style-type: none"> • 0-1 year 11 months • 2-2 years 11 months • 3-5 years. 		

Develop the speech, language and communication of children from birth to 5 years		Evidence Record eg page number and method	Assessor Judgement achieved Initial and date
C. Be able to create a language-rich environment to develop the speech, language and communication of children in own setting.	C.1. Create a language-rich environment which develops the speech, language and communication of children in own setting.		
D. Be able to implement opportunities which support the development of speech, language and communication of children from birth to 5 years	D.1. Use strategies to plan an activity which supports the development of speech, language and communication of children aged: <ul style="list-style-type: none"> • 0-1 year 11 months • 2-2 years 11 months • 3-5 years. 		
	D.2. Lead an activity which supports the development of speech, language and communication of children aged: <ul style="list-style-type: none"> • 0-1 year 11 months • 2-2 years 11 months • 3-5 years. 		
	D.3. Reflect on own role in relation to the provision for supporting speech, language and communication development in own setting.		

Promote the physical development of children from birth to 5 years		Evidence Record eg page number and method	Assessor Judgement achieved Initial and date
E. Be able to promote physical development.	E.1. Create an environment which promotes physical development in own setting.		
F. Be able to implement opportunities which promote the physical development of children from birth to 5 years.	F.1. Plan an opportunity which promotes the physical development of children aged: <ul style="list-style-type: none"> • 0-1 year 11 months • 2-2 years 11 months • 3-5 years. 		
	F.2. Lead an opportunity which promotes physical development for children aged: <ul style="list-style-type: none"> • 0-1 year 11 months • 2-2 years 11 months • 3-5 years. 		
	F.3. Reflect on own role in relation to the provision for promoting physical development in own setting.		

Promote the personal, social and emotional development of children from birth to 5 years		Evidence Record eg page number and method	Assessor Judgement achieved Initial and date
G. Be able to promote the personal, social and emotional development of children from birth to 5 years.	G.1. Create an environment which promotes the personal, social and emotional development of children in own setting.		
	G.2. Plan an opportunity which promotes the personal, social and emotional development of children aged: <ul style="list-style-type: none"> • 0-1 year 11 months • 2-2 years 11 months • 3-5 years. 		
	G.3. Lead an opportunity which promotes the personal, social and emotional development of children aged: <ul style="list-style-type: none"> • 0-1 year 11 months • 2-2 years 11 months • 3-5 years. 		
	G.4. Describe the benefits to children's holistic learning and development when promoting personal, social and emotional development.		
	G.5. Reflect on own role in relation to the provision for promoting the personal, social and emotional development of children in own setting.		

Promote healthy eating	Evidence Record eg page number and method	Assessor Judgement achieved Initial and date

H. Be able to support healthy eating in own setting.	H.1. Plan an activity to support healthy eating in own setting.		
	H.2. Implement an activity to support healthy eating in own setting.		
	H.3. Reflect on own role when supporting healthy eating in own setting.		
	H.4. Make recommendations for healthy eating in own setting.		

Promote opportunities for exercise		Evidence Record eg page number and method	Assessor Judgement achieved Initial and date
I. Be able to support children's activity in an outdoor space.	I.1. Plan an experience which supports children's activity in an outdoor space.		
	I.2. Lead an experience which supports children's activity in an outdoor space.		
	I.3. Reflect on an experience which supports children's activity in an outdoor space.		
	I.4. Make recommendations for the outdoor provision for own setting.		

Contribute to a healthy environment for young children	Evidence Record eg page number and method	Assessor Judgement achieved Initial and date

<p>J. Be able to support children in personal care routines.</p>	<p>J.1. Support children in personal care routines in relation to:</p> <ul style="list-style-type: none"> • toileting • washing and/or bath time • skin, teeth and hair • meal times • resting and/or sleeping. 		
--	--	--	--

<p>Promote children's emotional well-being</p>		<p>Evidence Record eg page number and method</p>	<p>Assessor Judgement achieved Initial and date</p>
<p>K. Be able to promote the emotional well-being of children in own setting.</p>	<p>K.1. Identify the needs of children in own setting in relation to emotional well-being.</p>		
	<p>K.2. Work with children in a way that:</p> <ul style="list-style-type: none"> • supports independence • builds resilience and perseverance • builds confidence • supports self-reliance • equips children to protect themselves • builds relationships between children. 		
	<p>K.3. Contribute to the well-being of children during transitions</p>		
	<p>K.4. Plan an activity to promote emotional well-being in own setting.</p>		
	<p>K.5. Lead an activity to promote emotional well-being in own setting.</p>		

Promote children's emotional well-being		Evidence Record eg page number and method	Assessor Judgement achieved Initial and date
	K.6. Reflect on own role when promoting emotional well-being in own setting in line with current framework requirements.		

Contribute to a healthy and safe environment for young children		Evidence Record eg page number and method	Assessor Judgement achieved Initial and date
L. Be able to follow organisational policy and procedures in relation to keeping children safe.	L.1. Identify policies that keep children safe in an Early Years setting.		
	L.2. Follow procedures in relation to: <ul style="list-style-type: none"> • registration • collection • food and drink provision • security • bullying • e-safety • confidential record keeping • ratios and supervision • moving and handling. 		
	L.3. Explain action to take in response to: <ul style="list-style-type: none"> • a child who is unwell • a missing child • injury • accident • emergency • fire drill • evacuation procedures. 		

Contribute to a healthy and safe environment for young children		Evidence Record eg page number and method	Assessor Judgement achieved Initial and date
M. Be able to use hygienic practice to minimise the spread of infection.	<p>M.1. Use hygienic practice in relation to:</p> <ul style="list-style-type: none"> • hand washing • food hygiene • dealing with spillages safely • safe disposal of waste • using correct personal protective equipment. 		
N. Be able to manage risk within an environment which provides challenge for children.	N.1. Explain why it is important to take a balanced approach to risk management.		
	N.2. Support children in own setting to manage risk.		
	N.3. Carry out risk assessment within own setting.		
	N.4. Describe how health and safety risk assessments are monitored and reviewed.		

Contribute to an inclusive environment		Evidence Record eg page number and method	Assessor Judgement achieved Initial and date
O. Be able to use information, advice and support to promote equality, diversity and inclusion.	O.1. Reflect on ways information, advice and support about equality, diversity and inclusion can be used to inform practice.		
P. Be able to work in ways which support equality, diversity and inclusive practice.	P.1. Interact with children in a way that values them and meets their individual needs.		

Plan, lead and review play opportunities which support children's learning and development in relation to current frameworks		Evidence Record eg page number and method	Assessor Judgement achieved Initial and date
Q. Be able to facilitate play opportunities with children	Q.1. Create a plan which includes a balance of child-initiated and adult-led play opportunities for: <ul style="list-style-type: none"> • physical play • creative play • imaginative play • sensory play • heuristic play. 		
	Q.2. Differentiate planned play opportunities to meet the individual needs of the children in own setting in relation to current frameworks.		
	Q.3. Support children's participation in a planned play opportunity.		
	Q.4. Explain how play opportunities should provide a balance between child-initiated and adult-led play.		

Plan, lead and review play opportunities which support children's learning and development in relation to current frameworks		Evidence Record eg page number and method	Assessor Judgement achieved Initial and date
	Q.5. Evaluate how a planned play opportunity meets the play, learning and developmental needs of children in relation to current framework requirements.		
	Q.6. Reflect on how a planned play opportunity relates to current frameworks.		
	Q.7. Analyse own role in relation to planned play opportunities.		
	Q.8. Make recommendations for the next stage of children's learning and development in relation to planned play opportunities.		

Contribute to enabling environments		Evidence Record eg page number and method	Assessor Judgement achieved Initial and date
R. Be able to support children's behaviour and socialisation within play environments.	R.1. Model positive behaviour.		
	R.2. Plan an environment which supports children's socialisation and group learning.		
	R.3. Use strategies when supporting children to manage their own behaviour.		
S. Be able to provide enabling play environments.	S.1. Plan an enabling play environment: <ul style="list-style-type: none"> • indoors • outdoors. 		
	S.2. Evaluate enabling play environments in own setting.		

Support children with additional needs		Evidence Record eg page number and method	Assessor Judgement achieved Initial and date
T. Be able to meet the additional needs of children.	T.1. Identify the individual needs of children in own setting.		
	T.2. Plan activities in partnership with others to meet children's additional needs.		
	T.3. Work in partnership with others to provide activities to meet children's additional needs		
	T.4. Work with parents/carers in a way which encourages them to take an active role in their child's play, learning and development.		
	T.5. Reflect on own practice in meeting children's additional needs.		

Use observation, assessment and planning to promote the development of children from birth to 5 years		Evidence Record eg page number and method	Assessor Judgement achieved Initial and date
U. Be able to carry out observations in own setting in line with current frameworks	U.1. Observe in line with current frameworks: <ul style="list-style-type: none"> • an individual child • a group of children • indoor provision • outdoor provision. 		
	U.2. Reflect on outcomes of observations carried out in own setting in relation to: <ul style="list-style-type: none"> • an individual child • a group of children • indoor provision • outdoor provision. 		
	U.3. Discuss children's progress with: <ul style="list-style-type: none"> • key person • colleague • parents/carers. 		
	U.4. Work with others to plan next steps in relation to the needs, stages of development and interests of: <ul style="list-style-type: none"> • an individual child • a group of children. 		
	U.5. Reflect on own role in meeting the needs, stages of development and interests of children in own setting.		

Record-keeping and reporting		Evidence Record eg page number and method	Assessor Judgement achieved Initial and date
V. Be able to maintain accurate and coherent records in line with organisational requirements.	V.1. Explain confidentiality in relation to record-keeping and reporting.		
	V.2. Explain organisational requirements in relation to completing records to include: <ul style="list-style-type: none"> • health, safety and security • accidents • incident • daily registers • medication • special dietary requirements • planning • observation and assessment.

Unit 9: Supporting emergent literacy

Unit reference	D/506/5389		Unit level	3
Unit hours	Guided learning	51	Non-guided learning	18
Unit aim	The aim of this unit is to provide learners with knowledge and understanding of children's emergent literacy skills.			

Learning outcomes The learner will:	Assessment criteria The learner can:
1. Understand the language and communication needs of children.	1.1. Define the terms: <ul style="list-style-type: none"> • speech • language • communication.
	1.2. Explain the stages of language, communication, reading and writing development from birth to 7 years.
	1.3. Discuss factors which affect language and communication development.
2. Understand the characteristics of a language-rich environment.	2.1. Explain what is meant by 'a language-rich environment'.
	2.2. Explain how to provide 'a language-rich environment'.
3. Understand current frameworks in relation to emergent literacy.	3.1. Discuss the role of the Early Years practitioner when meeting current framework requirements for: <ul style="list-style-type: none"> • communication and language • literacy.

Learning outcomes The learner will:	Assessment criteria The learner can:
4. Understand strategies which support emergent literacy.	4.1. Discuss strategies to support the development of emergent literacy.
	4.2. Explain the use of systematic synthetic phonics in the teaching of reading.
	4.3. Evaluate strategies to enhance: <ul style="list-style-type: none"> • speech, language and communication development • group learning • socialisation.
	4.4. Evaluate activities to promote the development of children’s reading and writing skills.
	4.5. Explain strategies to plan activities which encourage: <ul style="list-style-type: none"> • speaking and listening • emergent reading • sustained shared thinking • emergent writing • technology/digital literacy.
5. Understand partnership working.	5.1. Discuss ways to work with others to support children’s emergent literacy from birth to 7 years.
6. Understand inclusive practice in relation to emergent literacy.	6.1. Analyse the role of the Early Years practitioner when supporting children with: <ul style="list-style-type: none"> • speech, language and communication delay • English as an additional language.

Unit 10: Supporting emergent mathematics

Unit reference	R/506/5390		Unit level	3
Unit hours	Guided learning	51	Non-guided learning	18
Unit aim	The aim of this unit is to provide learners with knowledge and understanding of children's emergent mathematical skills.			

Learning outcomes The learner will:	Assessment criteria The learner can:
1. Understand mathematical concepts.	1.1. Explain how mathematics can be part of a child's everyday life.
	1.2. Discuss factors which affect children's understanding of mathematics.
2. Understand current frameworks in relation to emergent mathematics.	2.1. Explain how to create an environment which supports children's emergent mathematical development.
	2.2. Explain the role of the Early Years practitioner when meeting current framework requirements for mathematics.
3. Understand the role of the Early Years practitioner in relation to supporting children's emergent mathematical development.	3.1. Explain reasons for scaffolding children's mathematical development.
	3.2. Analyse reasons for valuing individual interests when supporting children's emergent mathematical development.
	3.3. Discuss how the Early Years practitioner provides opportunities for: <ul style="list-style-type: none"> • sustained shared thinking • group learning • socialisation.

Learning outcomes The learner will:	Assessment criteria The learner can:
4. Understand how to promote children's emergent mathematical development.	4.1. Explain the importance of using mathematical language. 4.2. Evaluate opportunities which support children's understanding of: <ul style="list-style-type: none"> • number and counting • measure, shape, size and pattern • weight, volume and capacity • space and time • matching and sorting • data representation • problem-solving.
5. Understand partnership working.	5.1. Critically evaluate the benefits to children of working in partnership with parents and carers to support children's emergent mathematics from birth to 7 years.
6. Understand inclusive practice in relation to emergent mathematics.	6.1. Evaluate the role of the Early Years practitioner when supporting individual needs.

Unit 11: Preparing for school readiness

Unit reference	D/506/5392		Unit level	3
Unit hours	Guided learning	53	Non-guided learning	14
Unit aim	The aim of this unit is to provide learners with the knowledge and understanding required to support children prepare for school.			

Learning outcomes The learner will:	Assessment criteria The learner can:
1. Understand factors affecting children's readiness for school.	1.1. Explain factors affecting children's readiness for school.
2. Understand areas of learning and development in relation to the current framework.	2.1. Summarise areas of learning and development in relation to school readiness, with regard to: <ul style="list-style-type: none"> • communication and language • physical development • personal, social and emotional development • literacy • mathematics • understanding the world • expressive arts and design.
	2.2. Discuss ways to promote each area of learning identified in the current framework.
3. Understand the assessment process in relation to the current framework.	3.1. Explain the assessment, recording and reporting requirements in relation to the current framework.
	3.2. Discuss the importance of accurately tracking all children's progress.

Learning outcomes The learner will:	Assessment criteria The learner can:
4. Understand how working in partnership with others contributes to children's school readiness.	4.1. Discuss why it is important to work in partnership with others during school transition.
	4.2. Analyse strategies to support partnership working when preparing children for school.
5. Understand the role of the Early Years practitioner when preparing children for school.	5.1. Evaluate the role of the Early Years practitioner when preparing children for school.

Unit 12: International perspectives

Unit reference	K/506/5394		Unit level	3
Unit hours	Guided learning	53	Non-guided learning	15
Unit aim	The aim of this unit is to provide learners with knowledge and understanding of international perspectives to child care and education.			

Learning outcomes The learner will:	Assessment criteria The learner can:
1. Understand different ways children learn.	1.1. Explain different ways children learn.
2. Understand theoretical perspectives in relation to children's learning.	2.1. Explain the main ideas of international Early Years educators.
	2.2. Summarise theoretical perspectives in relation to children's learning.
	2.3. Discuss strategies to promote children's learning.
3. Understand international approaches to children's learning.	3.1. Analyse approaches to international Early Years practice.
	3.2. Compare and contrast international approaches to children's learning.
	3.3. Analyse the benefits of an international approach to children's learning.
4. Understand how international approaches inform current frameworks and practice.	4.1. Critically evaluate how international approaches inform current frameworks and practice.

Unit 13: Reflective practice for professional development

Unit reference	T/506/5396		Unit level	3
Unit hours	Guided learning	65	Non-guided learning	50
Unit aim	The aim of this unit is to provide learners with knowledge and understanding of reflective practice and professional development.			

Learning outcomes The learner will:	Assessment criteria The learner can:
1. Understand professional development.	1.1. Explain 'continuing professional development'.
	1.2. Critically evaluate the importance of 'continuing professional development'.
2. Understand own professional development needs.	2.1. Discuss methods to recognise own professional development and training needs.
	2.2. Discuss ways to ensure continuing professional development.
	2.3. Create own Professional Development Plan.
3. Understand employment opportunities for the Early Years practitioner.	3.1. Explain a range of job role opportunities for Early Years practitioners within: <ul style="list-style-type: none"> • health • education • social services.
	3.2. Develop a Curriculum Vitae.

Learning outcomes The learner will:	Assessment criteria The learner can:
4. Understand the role of reflective practice.	4.1. Discuss theoretical perspectives on reflection in relation to professional development.
	4.2. Analyse how reflective practice supports the professional development of the Early Years practitioner.
	4.3. Analyse how reflective practice supports improved outcomes for children.

Unit 14: Professional partnerships in Early Years

Unit reference	A/506/5397		Unit level	3
Unit hours	Guided learning	75	Non-guided learning	29
Unit aim	The aim of this unit is to provide learners with knowledge and understanding of professional partnerships in Early Years.			

Learning outcomes The learner will:	Assessment criteria The learner can:
1. Understanding reasons for working in partnership within Early Years.	1.1. Explain reasons for partnership working within Early Years.
2. Understand legal requirements for working in partnership.	2.1. Explain the requirements of current frameworks with regard to partnership working.
	2.2. Analyse where partnership working is embedded within setting policies and procedures.
	2.3. Evaluate partnership working in relation to meeting children's individual needs.
3. Understand family structures.	3.1. Explain different family structures.
4. Understand working in partnership with families.	4.1. Explain the role of the Early Years practitioner when developing partnership working with parents and carers.
	4.2. Discuss ways the Early Years practitioner can encourage parents and carers to take an active role in their child's play and learning.

Learning outcomes The learner will:	Assessment criteria The learner can:
5. Understanding recording and reporting requirements in relation to partnership working.	5.1. Analyse the importance of maintaining accurate and coherent records.
	5.2. Discuss the requirements to follow confidentiality procedures when sharing information.
	5.3. Analyse the tension between maintaining confidentiality and the need to disclose information.
6. Understand challenges to partnership working.	6.1. Discuss potential barriers to effective partnership working.
	6.2. Critically evaluate strategies to overcome barriers to effective partnership working.

Unit 15: Professional Practice Portfolio 2

Unit reference	F/506/5398		Unit level	3
Unit hours	Guided learning	146	Non-guided learning	19
Unit aim	The aim of this unit is to provide learners with knowledge, understanding and skills required to work with children.			

Learning outcomes The learner will:	Assessment criteria The learner can:
1. Understand emergent literacy development.	1.1. Discuss Early Years provision in relation to emergent literacy.
	1.2. Evaluate strategies in relation to emergent literacy.
	1.3. Describe partnership working in relation to emergent literacy needs.
2. Understand emergent mathematical development.	2.1. Discuss Early Years provision in relation to opportunities for emergent mathematical development.
	2.2. Evaluate strategies used to support emergent mathematical development.
	2.3. Describe partnership working in relation to emergent mathematical needs.
3. Understand Early Years frameworks.	3.1. Describe each area of learning and development within the current framework.
	3.2. Evaluate the impact of assessment on child-centred planning.
4. Understand partnership working with parents/carers in the Early Years.	4.1. Describe ways the Early Years setting encourages partnership working with parents/carers.
	4.2. Explain how partnership working with parents/carers informs child-centred planning.
5. Understand professional development.	5.1. Explain methods for collecting feedback in relation to professional development.

Learning outcomes The learner will:	Assessment criteria The learner can:
	5.2. Describe approaches for action planning in relation to professional development.
	5.3. Evaluate the role of reflection in relation to outstanding provision.

Unit 15: Professional Practice Portfolio 2

Competency-Based Learning Outcomes

Learners will complete a range of practical skills/competencies as indicated in this portfolio.

Develop emergent literacy skills of children from birth to 5 years		Evidence Record eg page number and method	Assessor Judgement achieved Initial and date
A. Be able to support emergent literacy.	A.1. Develop a language-rich environment for children from birth to 5 years.		
	A.2. Interact with children to meet individual speech, language and communication needs.		
	A.3. Develop a resource file of activities for children from birth to five years to encourage: <ul style="list-style-type: none"> • speaking and listening • emergent reading • sustained shared thinking • emergent writing • technology/digital literacy • socialisation • group learning. 		
	A.4. Use strategies to plan activities which engage children and extend literacy development in relation to: <ul style="list-style-type: none"> • speaking and listening • emergent reading • sustained shared thinking • emergent writing • technology/digital literacy • socialisation • group learning. 		
	A.5. Lead an activity to support emergent literacy.		

Develop emergent literacy skills of children from birth to 5 years		Evidence Record eg page number and method	Assessor Judgement achieved Initial and date
	A.6. Identify benefits to children's holistic learning and development when supporting emergent literacy.		
	A.7. Evaluate how planned activities support emergent literacy in relation to current frameworks.		

Develop emergent mathematical skills of children from birth to 5 years		Evidence Record eg page number and method	Assessor Judgement achieved Initial and date
B. Be able to implement activities to support children's emergent mathematical development.	B.1. Plan an activity to support children's emergent mathematical development.		
	B.2. Lead an activity to support children's emergent mathematical development.		
	B.3. Develop a resource file of activities for children from birth to five years to encourage: <ul style="list-style-type: none"> • number and counting • measure, shape, size and pattern • weight, volume and capacity • space and time • data representation • problem-solving • sustained shared thinking • socialisation • group learning. 		
	B.4. Evaluate how planned activities support children's emergent mathematical development in relation to current frameworks.		
	B.5. Make recommendations for meeting individual children's emergent mathematical needs.		
	C. Be able to work with parents/carers in a way which encourages them to take an active role in their child's emergent literacy and mathematical development.	C.1. Work with parents/carers in a way which encourages them to take an active role in their child's emergent literacy and mathematical development.	

Support children as they prepare for school		Evidence Record eg page number and method	Assessor Judgement achieved Initial and date
<p>D. Be able to contribute to learning and development for school readiness in relation to the current framework.</p>	<p>D.1. Use strategies to plan, lead and evaluate an opportunity for each of the following areas of learning and development in the current framework in own setting:</p> <ul style="list-style-type: none"> • communication and language • physical development • personal, social and emotional development • literacy • mathematics • understanding the world • expressive arts and design. 		
	<p>D.2. Reflect on holistic opportunities to promote learning and development when planning within the current framework.</p>		
	<p>D.3. Reflect on partnership working when planning opportunities to promote learning and development for young children across the current framework.</p>		
	<p>D.4. Evaluate the role of assessment across the current framework in relation to children's progress:</p> <ul style="list-style-type: none"> • at the age of 2 years • for the Early Years Foundation Stage Profile. 		

Work in partnership		Evidence Record eg page number and method	Assessor Judgement achieved Initial and date
E. Be able to work in partnership.	E.1. Discuss partnership working in own setting.		
	E.2. Contribute to partnership work with parents/carers to help them recognise and value the significant contributions they make to the child's health, well-being, learning and development.		

Professional development		Evidence Record eg page number and method	Assessor Judgement achieved Initial and date
F. Be able to use reflective practice to contribute to own professional development.	F.1. Develop a Curriculum Vitae.		
	F.2. Review own learning needs, professional interests and development opportunities.		
	F.3. Devise own Professional Development Plan in relation to: <ul style="list-style-type: none"> • feedback obtained • own progress • own goals and ambition. 		
	F.4. Maintain subject knowledge across curriculum subjects which are of personal interest.		
	F.5. Explain how reflective practice leads to improved ways of working.		

Learner declaration of authenticity:

I declare that the work presented for this unit is entirely my own work.

Learner signature:

Section 4:

Assessment and quality assurance information

Recommended assessment methods

A recommended range of assessment methods has been identified, which may be used for the units in these qualifications. This gives the opportunity for different learning styles and individual needs of learners to be taken into account.

If you are proposing to use an assessment method that is not included within the recommended list you should contact your External Quality Advisor with full details of your proposed method. It will need formal approval from us before it can be used.

Please refer to the notes relating to **Expert Witness testimony** and **simulation** which follow this table.

Ref	Assessment Method	Assessing Competence/ Skills	Assessing Knowledge/ Understanding
A	Direct observation of learner by Assessor <ul style="list-style-type: none"> by an Assessor who meets the relevant Sector Skills Council's or other assessment strategy/principles and includes inference of knowledge from this direct observation of practice 	Yes	Yes
B	Professional discussion	Yes	Yes
C	Expert Witness evidence* <ul style="list-style-type: none"> when directed by the Sector Skills Council or other assessment strategy/principles 	Yes	Yes
D	Learner's own work products	Yes	Yes
E	Learner log or reflective diary	Yes	Yes
F	Activity plan or planned activity	Yes	Yes
G	Observation of children, young people or adults by the learner	Yes	Yes
H	Portfolio of evidence <ul style="list-style-type: none"> may include simulation** 	Yes	Yes
I	Recognition of prior learning	Yes	Yes
J	Reflection on own practice in real work environment	Yes	Yes
K	Written and pictorial information	No	Yes
L	Scenario or case study	No	Yes

Ref	Assessment Method	Assessing Competence/ Skills	Assessing Knowledge/ Understanding
M	Task set by us (for knowledge learning outcomes)	No	Yes
N	Oral questions and answers	Yes	Yes

* **Expert Witness testimony** should be used in line with the relevant assessment strategy/principles. This method must be used with professional discretion, and only selected when observation would not be appropriate. Those providing an expert witness testimony must be lead practitioners with experience of making judgements around competence. The circumstances that may allow for an expert witness testimony include:

- when assessment may cause distress to an individual, such as supporting a child with a specific need
- a rarely occurring situation, such as dealing with an accident or illness
- confidential situations, such as Safeguarding Strategy meetings, where it would be inappropriate for an Assessor to observe the learner's performance.

** **Simulation.** A learner's Portfolio of Evidence may only include simulation of skills where simulation is permitted by the relevant assessment strategy/principles.

Assessment principles for Early Years Educator qualifications

Assessing knowledge, skills and competence

Learners will need to meet all of the assessment criteria for knowledge, skills and competence included in the qualification using appropriate assessment methods.

Practical skills competence

The Centre with whom the learners are registered will be responsible for making all assessment decisions. Assessors must be **contracted** to work directly with the Centre, contributing to all aspects of standardisation. The Centre must ensure a process of training is followed, including during induction and quality assurance activities. Occupationally competent and qualified Assessors from the Centre must use direct observation to assess practical skills-based outcomes. Further information and guidance can be found below:

1. Introduction

1.1. These principles and approaches to unit/qualification assessments are for those qualifications that have been approved by the Department for Education (DfE). The information is intended to support the quality assurance processes of those that offer EYE qualifications in the sector. It should also be read alongside individual unit assessment requirements where appropriate.

1.2. These principles will ensure a consistent approach to those elements of assessment which require further interpretation and definition, and support sector confidence.

2. Assessment principles

2.1. Assessment decisions for competence/skills-based learning outcomes must relate to experience gained in a real work environment.

2.2. Assessment decisions for competence/skills-based learning outcomes must be made by an occupationally competent Assessor, qualified to make assessment decisions.

2.3. Competence/skills-based assessment must include direct observation as the main source of evidence

2.4. Simulation may only be utilised as an assessment method for competence-based learning outcomes where this is specified in the assessment requirements.

2.5. Given the nature of work with children, young people, service users and their families (if applicable), which may from time to time include sensitive situations requiring confidentiality/privacy, there may be a need to make use of an expert witness testimony (EWT) as a source of performance evidence in the workplace.

Expert witnesses can be drawn from experienced individuals who can attest to the learner's performance in the workplace. This may include line managers or other experienced colleagues from inside an organisation or from other agencies. This may prove particularly important for those learners who work unsupervised, but who have contact with a range of different professionals in the course of their work activities.

Expert witnesses must only be used for observation where they have occupational expertise of specialist areas or the observation is of a particularly sensitive nature. It is not necessary for expert witnesses to

hold an Assessor qualification, as a qualified Assessor must assess the testimony provided by an expert witness when making summative assessment decisions. See also 4.5.

The Centre should enable expert witnesses to provide and present their evidence in an efficient way which does not compromise validity and reliability. This could include the following:

- the use of voice and audio recordings
- through remote discussions where the main Assessor could scribe the expert witness contributions (for example via Microsoft Teams or Zoom)
- over the telephone where the Assessor could scribe the testimony

Additionally, Centres must adapt their internal quality assurance strategies to ensure that Assessor judgements based on EWT are prioritised for standardisation and sampling activities.

The use of professional discussion and reflective accounts can be used to support other forms of evidence but are not direct evidence sources which can replace the observation requirement.

2.6. Assessment of knowledge-based learning outcomes may take place in or outside of a real work environment.

2.7. Assessment decisions for knowledge-based learning outcomes must be made by an occupationally knowledgeable member of staff, qualified to make assessment decisions. The Centre with whom the learners are registered will be responsible for making all assessment decisions. Occupationally competent and qualified Assessors from the Centre must use direct observation to assess practical skills-based outcomes.

Remote technology

2.8 The use of remote technology is prohibited within early years, school, childcare, health and adult care settings where there is a potential risk of users of the service, or their carers/families being inadvertently seen or heard. This includes the use of all recording and streaming devices such as mobile phones, laptops and tablets. Please note that technology must not be used to view assessments remotely, even when not recording. For example, Assessors cannot complete remote observations to prove competency by viewing learners 'live' using remote technology.

The use of remote technologies could be considered to support aspects of the learner's performance. For example, this may include planning sessions, online meetings and remote activities in which the learner is contributing, and where the assessor could also attend remotely or observe through use of technology. In these examples, the learner **MUST** be in an environment away from any children, young people, service users and their families. The use of technologies could also be considered for capturing EWTs.

3. Internal quality assurance

3.1. Internal quality assurance is key to ensuring that the assessment of evidence for units is of a consistent and appropriate quality. Those carrying out internal quality assurance must be occupationally knowledgeable in the area they are assuring and be qualified to make quality assurance decisions.

Knowledge learning outcomes:

- Assessors will need to be both occupationally knowledgeable and qualified to make assessment decisions
- Internal Quality Assurers will need to be both occupationally knowledgeable and qualified to make quality assurance decisions

Competence/Skills learning outcomes:

- Assessors will need to be both occupationally competent and qualified to make assessment decisions
- Internal Quality Assurers will need to be both occupationally knowledgeable and qualified to make quality assurance decisions

4. Definitions

4.1. Occupationally competent:

This means that each Assessor must be capable of carrying out the full requirements within the competency units they are assessing. Being occupationally competent means they are also occupationally knowledgeable. This occupational competence should be maintained through clearly demonstrable continuing learning and professional development.

4.2. Occupationally knowledgeable:

This means that each Assessor should possess relevant knowledge and understanding, and be able to assess this in units designed to test specific knowledge and understanding, or in units where knowledge and understanding are components of competency. This occupational knowledge should be maintained through clearly demonstrable continuing learning and professional development.

4.3. Qualified to make assessment decisions:

This means that each Assessor must hold a qualification suitable to support the making of appropriate and consistent assessment decisions. Awarding organisations will determine what will qualify those making assessment decisions according to the unit of competence under assessment.

Assessors of these qualifications should be appropriately qualified to make assessment decisions. Although it isn't a specific requirement of these qualifications, we consider it to be good practice for Assessors to hold, or be working towards, a recognised qualification in assessment. Where a recognised qualification isn't held, Assessors should be able to demonstrate relevant and current experience of assessment.

In order to assess knowledge-based units, the Assessor should be occupationally knowledgeable. They should have relevant knowledge to assess units designed to test the knowledge and understanding of learners. This knowledge should be demonstrable through relevant qualifications/experience, and at an equivalent or higher level than the units under assessment.

In order to assess competence-based units, the Assessor should be occupationally competent. They should be able to carry out the requirements of the units they're assessing. This competence should be demonstrable through relevant qualifications/experience, and at an equivalent or higher level than the units under assessment. The following are examples of qualifications/roles that Tutors/Teachers/Assessors may hold to be able to make decisions involving the assessment of learners:

- an Assessor qualification such as D32/D33, A1A2 or a Level 3 Award/Certificate in Assessing Vocationally Related Achievement
- Qualified Teacher Status/Early Years Professional Status
- Certificate in Education in Post Compulsory Education (PCE)
- Certificate in Teaching in the Lifelong Learning Sector (CTLTS, DTLLS)

Any examples given are not intended to be exhaustive or definitive. Examples of relevant qualifications and occupational backgrounds are given as benchmarks. Other equivalent qualifications or backgrounds may also qualify prospective staff for assessment roles. Centres seeking further clarification should contact their external quality assurer in the first instance

4.4. Qualified to make quality assurance decisions:

NCFE will determine what qualifications and/or experience is required in relation to the:

- role of the Assessor for knowledge-based assessment criteria
- role of the Assessor for skills/competence-based assessment criteria
- role of the Internal Quality Assurer

4.5. Expert witness:

Evidence from expert witnesses must meet the tests of validity, reliability and authenticity. Expert witnesses will need to demonstrate:

- they have a working knowledge of the units on which their expertise is based
- they are occupationally competent in their area of expertise
- they have **either** any qualification in assessment of workplace performance **or** a professional work role which involves evaluating the everyday practice of staff
- they have current or recent (within the last 2 years) experience of working at or above the level for which they are attesting competence
- they can demonstrate appropriate, continuing professional development relevant to the sector for which they are attesting competence
- that they have no conflict of interest in the outcome of the evidence

Staffing requirements

Centres delivering any of NCFE CACHE's qualifications must:

- have a sufficient number of appropriately qualified/experienced Assessors to assess the volume of learners they intend to register
- have a sufficient number of appropriately qualified/experienced Internal Quality Assurers to internally quality assure the anticipated number of Assessors and learners
- ensure that all staff involved in assessment and internal quality assurance are provided with appropriate training and undertake meaningful and relevant continuing professional development
- implement effective internal quality assurance systems and processes to ensure all assessment decisions are reliable, valid, authentic, sufficient and current. This should include standardisation to ensure consistency of assessment
- provide all staff involved in the assessment process with sufficient time and resources to carry out their roles effectively.

Assessors and Internal Quality Assurance

Staff involved in the Assessment and Internal Quality Assurance of these qualifications must be able to demonstrate that they have the relevant occupational knowledge and/or occupational competence, at the same level or higher as the units being assessed and internal quality assured. This may be gained through experience and/or qualifications.

Section 5:

Record of grades achieved

Record of grades achieved for the Level 3 Award, Certificate and Diploma in Child Care and Education

Grades achieved		A*		A		B		C		D		Points / unit	Points / grade
Description of unit	No. of incs	Grade value	Points										
Unit 1 – Child development from conception to seven years	4	5	20	4	16	3	12	2	8	1	4		
Unit 2 – Children’s health and well-being	2	5	10	4	8	3	6	2	4	1	2

Level 3 Diploma in Childcare and Education (Early Years Educator)

No of increments x grade value = points for unit assessment or external assessment

The incremental weighting of each internal assessment is based on the average total hours to achieve the unit.

The incremental weighting of each external assessment is based on the average total hours to achieve the External Assessments.

Grade value: A* value '5' to D value '1'

To achieve the Level 3 Diploma in Childcare and Education (Early Years Educator) learners must achieve the Level 3 Award in Childcare and Education, the Level 3 Certificate in Childcare and Education and the required external and internal assessments.

Points/grade calculator

Level 3 Award in Childcare and Education

Points score	Grade
26 – 30	A*
21 – 25	A
16 – 20	B
11 – 15	C
6 – 10	D

Level 3 Certificate in Childcare and Education

Points score	Grade
95 – 115	A*
75 – 94	A
56 – 74	B
37 – 55	C
23 – 36	D

Level 3 Diploma in Childcare and Education (Early Years Educator)

Points score	Grade
226 – 270	A*
181 – 225	A
137 – 180	B
93 – 136	C
54 – 92	D

Aggregation

Whilst NCFE CACHE does not anticipate any changes to our aggregation methods or any overall grade thresholds, there may be exceptional circumstances in which it is necessary to do so to secure the maintenance of standards over time. Therefore, overall grade thresholds published within this Qualification Specification may be subject to change.

Section 6:

Documents and resources

Useful documents

This section refers to useful documents that can be found on our secure site, some of which may assist with the delivery of this qualification.

- Delivering our Qualifications – Assessment and Internal Quality Assurance Guidance
- Tutor Guidance
- Placement handbook: Student
- Placement Handbook: A Guide for Mentors.

Mandatory documents

The completion of an 'Evidence Record' and 'Record of Assessment Cycle' form is **mandatory**. We have devised these templates for your convenience; however, you may design your own forms which comply with the content of the templates.

- Evidence Record
- Record of Assessment Cycle
- Unit Submission Form
- Learner Handbook (this explains how the qualification grading works)

We have also provided notes to guide you when completing these forms:

- Completing the Evidence Record
- Completing the Record of Assessment Cycle

Resources

The resources and materials used in the delivery of these qualifications must be age-appropriate and due consideration should be given to the wellbeing and safeguarding of learners in line with your institute's safeguarding policy when developing or selecting delivery materials.

Safeguarding guidance

To support early years settings, the UKCIS Education Working Group has developed two documents to help early years settings managers and staff consider their practice and to take steps to safeguard both children and adults online. To access the documents, please visit:

www.gov.uk/government/publications/safeguarding-children-and-protecting-professionals-in-early-years-settings-online-safety-considerations.
